The Hottest Restaurants in Miami Right Now, May 2015

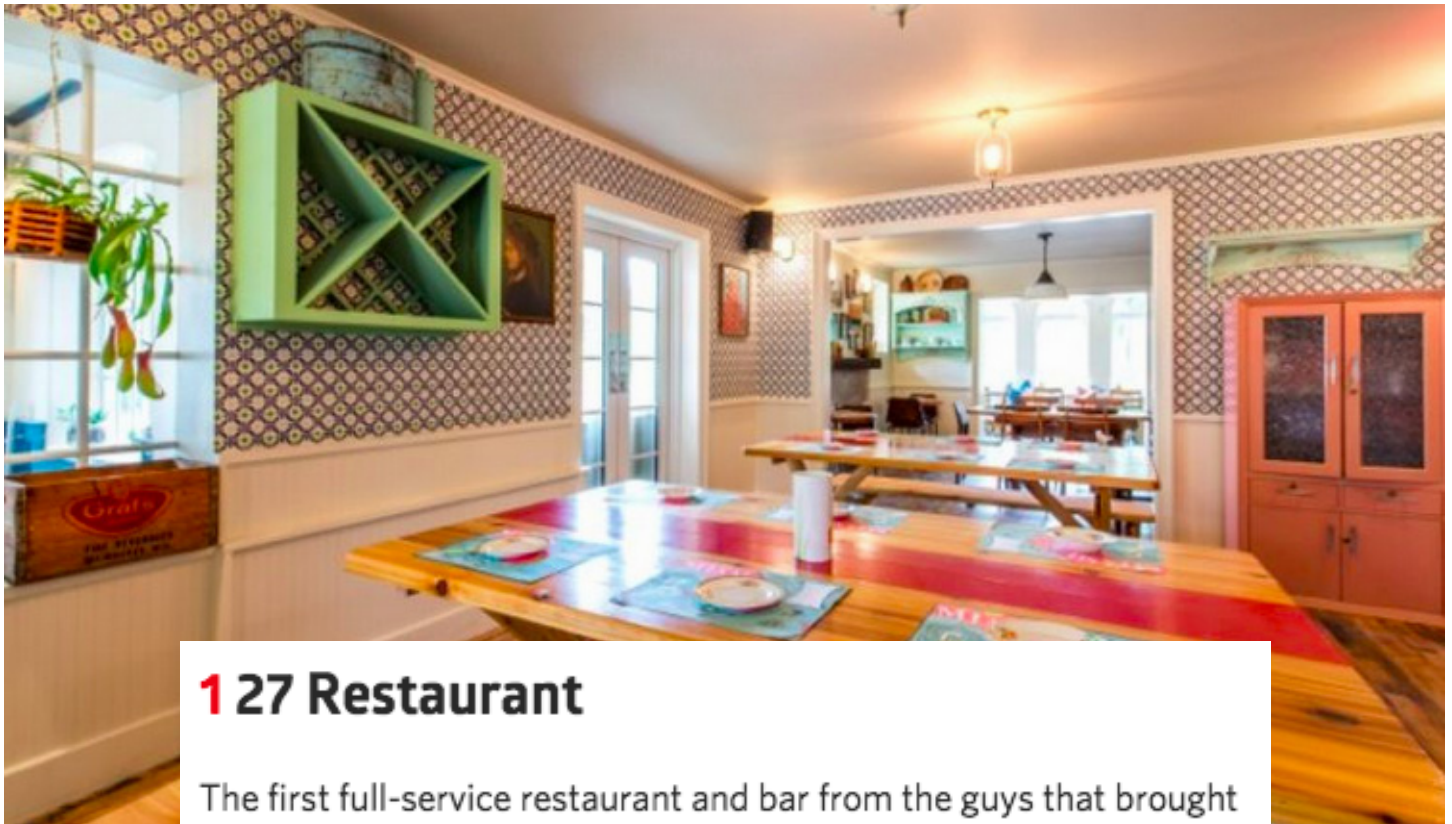

By OLEE FOWLER

More often than not, tipsters, readers, friends and family of Eater have one question: Where should I eat right now? And while the Eater 38 is a crucial resource covering old standbys and neighborhood essentials across the city, it's not a chronicle of the 'it' places of the moment. Thus, we offer the Eater Heatmap, which will change continually to always highlight where the foodie crowds are flocking to at the moment.

The qualifications for the the map is the restaurant has been around for less than 6 months and is serving up some cuisine that has the city buzzing. The restaurants are listed in this map in alphabetical order. New to the list this month are Fooq's, Modern Garden and Piripi.

1 27 Restaurant

The first full-service restaurant and bar from the guys that brought us the Broken Shaker, 27 Restaurant plays homage to Miami's diversity with an eclectic menu filled with signature dishes from South America, the Caribbean and even the Middle East. Located in a historic two-story house adjacent to the Broken Shaker, it features the same laid-back spirit and inventive drinks of the Broken Shaker in a hip (and air conditioned) setting.
